

# £45,500 Saved on Excavator Claim with CATS Validation Service

## Key Facts

- ✓ The insured had suffered accidental damage to an excavator
- ✓ CATS validated an engineer quotation confirming its suitability
- ✓ 92% saving, equal to £45,500

**CATS can inspect, repair or replace forklifts, excavators, mowers, loaders, scissor lifts, control panels, cutting machinery and more.**

## The Claim

CATS were asked to validate a claim for power-surge damage to a Bobcat E85 Mini Excavator. Based on the details provided, we determined that repair of the equipment was far more economical compared to the cost of replacement. The CATS team recommended cash settling this claim at the repair cost.

## The Resolution

For a small fee, the team saved the insured 92% on this claim. This was a £45,500 saving.

*If you have a claim for plant & site machinery then instruct the CATS team today.*
