

CATS Repair Service Delivers a £10,500 Saving on Facelift Machine

Key Facts

- ✓ The insured suffered impact damage to a facelift machine
- ✓ CATS accredited engineers inspected and determined the unit was repairable
- ✓ Using CATS repair service resulted in the insurers saving £10,500

Whether it's sunbeds, laser hair removal units, straighteners, CACI machines or laser handpieces, CATS can assist with it all.

The Claim

The insured had reported failure of a CACI Ultra non-surgical facelift machine. CATS accredited engineers confirmed the damage was caused by impact. Although the direct cause of the impact was not known, the engineers found the machine to be repairable.

The Resolution

As recommended by the team, the unit was repaired. Using CATS repair service insurers saved £10,500 in total, a 62% saving.
