

Huge 10k saving on Laser Cutter After Fire Damage

Key Facts

- ✓ The insured reported fire damage to a laser cutter
- ✓ CATS were asked to validate the claim
- ✓ Involving CATS achieved a 50% saving

CATS have over 20 years of experience in the inspection, repair and replacement of laser cutters. If you have a laser cutter claim then instruct us today.

The Claim

The insured had suffered accidental fire damage to a commercial V-460 Laser Cutter. Insurers were happy that the unit was beyond economic repair (BER). CATS were asked to provide a settlement figure on an indemnity basis, which was calculated according to our validation schedule.

The Resolution

The claim was cash settled at CATS replacement price. For a nominal fee, the CATS consultancy team's expertise enabled them to save the insurers £11,500, equivalent to a 50% saving on this claim.
