

CATS Engineers Recommend Replacement, Saving 32% on PS4 Console Claim

Key Facts

- ✓ The insured suffered damage to a Sony PS4 Games console
- ✓ CATS engineers inspected the unit and found it to be repairable
- ✓ The team recommended replacement which saved the insurers £105

CATS can assess & inspect, repair or replace all types of gaming equipment. These include PlayStation consoles, Xbox, Nintendo tech and even arcade machines.

The Claim

The insured had suffered accidental damage to their Sony PS4 games console. The unit was inspected by accredited CATS engineers and was found to be repairable. However the team would recommend a like for like replacement as per the validation schedule.

The Resolution

The console was therefore replaced. For a small CATS fee, the team were able to save the insurers £105 on the replacement of this PS4 (a 32% saving).

If you have a technology claim for gaming equipment then get in touch and instruct us today.
