

Smart Validation by CATS Results in £11,000 Savings on Printer Replacement

Key Facts

- ✓ CATS were asked to validate a proposed printer replacement
- ✓ The CATS team recognised the unreasonable cost presented
- ✓ CATS replaced the same unit for £11,000 less

Assisting in both commercial and domestic print machinery from ink to fabric printers.

The Claim

CATS were asked to validate a proposed replacement for a Ricoh Printer. The team were able to confirm the proposed replacement was the current like for like model. However, the cost presented was not fair and reasonable. CATS therefore proposed the same replacement model for £11,000 less which the team supplied through their Ricoh partner network. This price included delivery, installation and removal too.

The Resolution

For a nominal CATS fee, the insurers saved £11,000 by replacing the unit through CATS replacement service. This is equivalent to a 44% saving.

Whether it's validation, inspection, repair or replacement, the CATS team do it all.
