

CATS Expertise Cuts Laser Equipment Claim Costs by £53,000 for a £100 Fee

Key Facts

- ✓ Insured suffered damage to laser equipment
- ✓ A CATS engineer attended and noted the unit to be repairable
- ✓ CATS saved the insurers £53,000 equal to a 59% saving

The Claim

The insured had reported accidental damage to their Titan 1530 Fibre Laser equipment. An accredited CATS engineer attended the site and reported their findings. The unit was noted as repairable, however the engineer stressed that the cost may be less, if during the repair, elements that are assumed to be damaged on initial inspection, prove to be in working order.

The Resolution

The insurers decided to cash settle this claim. CATS expertise enabled a saving of £53,000 for a nominal fee.
